Step 2: Submitting the settlement instructions for IBC to legalize and release documents...

- Once **System ID of IBC** to be settled is selected then select **Request for Settlement** from drop down of **Message Type**
- Under Settlement Instructions, Select Accept from "Disposal Instructions" drop down
- Fill out all the required information and use **Add a File** if required.
- Under Free Format Message in Customer Instructions, Write "documents to be Legalized"
- Click "Submit" Note: if Bill of Exchange or Draft is mentioned on the document arrival advice then original draft has to be collected and signed draft has to be submitted to branch.
