what are the monthly plans?

there are 4 plans to choose from:

plan	max monthly cashback	monthly cost	minimum spend to enable cashback	cashback merchants
starter	aed 0	free	aed 0	none
one	aed 135 cashback	aed 39 or free with minimum spend of 8,000	aed 5,000	zomato, talabat, deliveroo, netflix, prime video, spotify, novo cinemas, vox cinemas, reel cinemas, roxy cinemas, starbucks, caribou coffee, tim hortons, costa
one plus	aed 250 cashback	aed 69 or free with minimum spend of 15,000	aed 8,000	noon, amazon, itunes, uber, careem, fitness first, class pass, zomato, talabat, deliveroo, netflix, prime video, spotify, novo cinemas, vox cinemas, reel cinemas, roxy cinemas, starbucks, caribou coffee, tim hortons, costa
one vip	aed 500 cashback	aed 99 or free with minimum spend of 22,000	aed 15,000	airbnb, booking, noon, amazon, itunes, uber, careem, fitness first, class pass, zomato, talabat, deliveroo, netflix, prime video, spotify, novo cinemas, vox cinemas, reel cinemas, roxy cinemas, starbucks, caribou coffee, tim hortons, costa

you can switch your plan anytime (see instructions below).

what happens if i don't meet the minimum spend amount?

no worries, we'll automatically calculate your cashback based on your spend. for example if you chose the 'one vip' plan but only spent aed 10,000, you'll pay the aed 99 plan cost and we'll still give you aed 250 cashback (one plus benefits).

how does the cashback work?

we'll give you 100% cashback on your transactions at the selected cashback merchants included in your plan, up to the maximum cashback amount of your plan.

for example, if you spend aed 30 at netflix, we'll give you the entire aed 30 back!

we'll automatically calculate the cashback on the last day of the month (calendar month) and credit it back to you on the first week of the following month.

note: we can only consider the 'posted' transactions, that means if you paid something on the last day of the month but the merchant only authorized it the next day, we will not be able to include it. also, we will be unable to give you cashback if your card is overdue, suspended, cancelled, blocked or terminated.

when is the cashback credited?

on the first week of the following month.

what are the fees?

we kept it as simple and transparent as possible:

- monthly cost of your chosen plan
- some additional fees may apply (e.g. late payment fees) based on your card usage and the services you've chosen (e.g. installment plans) [view the full list of fees & charges](#)

what's the minimum spend?

if you choose one of the paid plans, you'll need to spend a minimum amount on your card to enable the cashback benefits. you can spend at any merchants (not just the selected merchants for cashback).

plan	minimum spend to enable cashback	minimum spend to get your monthly plan free
one	aed 5,000	aed 8,000
one plus	aed 8,000	aed 15,000
one vip	aed 15,000	aed 22,000

what's the free month offer?

if you choose one of the paid plans (one, one plus or one vip), the month in which the card is activated and the following month will be free!

e.g. if you activate your card with the one vip plan on january 5th, you won't have to pay the plan's monthly cost until the 1st of march and you'll be able to get the cashback and benefits for both january and february.

what's the referral offer?

you can invite all your friends using your personal invite link given to you when you apply on cbdone.ae

you'll get a free month of your chosen plan for each of your referred friends, when they start paying their first monthly charge (it doesn't count if they only choose the free starter plan).

did we mention, there's no cap? yes, you can invite as many friends as you like and keep on getting free months, just share your link to your whole world and we'll take care of the rest automatically.

how and when can i change my plan?

you can tell us to change your next month's plan anytime and as often as you like!
